RTS Creator download for free iRTS: Multiplayer video game, is a sequel to RTS Creator. Users can play in both singleplayer and multiplayer modes. It was developed by one of the best mmo creators such as world of warcraft, gw2 and star wars legends of the force. The game system of iRTS is RTS-like, but with some revolutionary features like custom parties, guild system, leaderboards, and more. Features : iRTS features 3D graphics, physics, and fully flexible maps. Each player can create a guild of his own to help them compete with others. Each guild member gets access to a party of his own. This will give them their own set of skills and options. There are things you can do to make the game interesting like sell your town or recruit new towns. Both raiders and builders can use town to gain experience, gain money, recruit new players, get access to new items, and more. Builders can recruit other towns to join them to attack raiders and other guilds. RTS Creator download for free How to Play: Players can use a number of commands to build buildings and recruit new players To fight, the players must build their own units, which include: Units, buildings and tools Place your buildings on the board and click to produce each item. Attack an enemy building, and destroy it. You can keep track of your progress in the bottom right corner. Construct and assign a unit to a building. You can defend your building by attacking an attacking enemy. Craft items and upgrade them to make them stronger. Use a command like /inv to hire a new player. Build new units and assign them to a new building. You can also use a command like /gl to show your guild leader. As you play, your rating for the day is recorded. The higher your rating, the more money you'll be earning. You can use the /kill command to finish off enemies.
