The Elden Ring is a fantasy action RPG set in a brand new world. The world is divided into two halves; the Lands Between, where elves and dwarves live, and the Iron Kingdom, a land of stone and iron. With the power of the Elden Ring, you can enter the Lands Between to explore and battle with other players. FEATURES: ►System Overview ■Character Creation Choose from six races (Elf, Dwarf, and Lizardman), and then choose from five classes (Berserker, Druid, Monk, Paladin, and Thief) in order to create your own unique character. ■Treasure The number of items you can obtain is increased based on your individual level. You can also buy additional items from the Blacksmith. ■Map A vast world full of a variety of situations is seamlessly connected. You can also freely travel between map pieces during a field battle. ■Classes A wide variety of classes are available. You can freely mix and match skills from different classes. ►Special Weapons In addition to being able to freely mix and match skills, you can also freely equip special weapons. ►Multiplayer System The multiplayer mode features both in-game cooperative and versus battles. You can directly connect with other players and travel together in this world. ►Broad Online Play Functionality In addition to the multiplayer system, an asynchronous online function is also present. You can experience a sense of presence together with other players. ►Map Piece Formable All the experience points you have gained are added to your total. The greater your experience is, the more experience points you gain. ►Progression System The level of your character increases as you battle enemies and explore the world, and you can use items, special weapons, and items acquired during battles to expand the level of your character. ■The BEST RPG THAT YOU'VE NEVER SEEN. By Lim-Wae (darran) A cool and attractive narrative, good looking artwork, and a unique asynchronous multiplayer system has led the Tarnished Prince to be one of the best RPGs to come out in recent years. ■A NEW INTERFACE FOR A DIFFERENT GAME It should be emphasized that this is not the typical RPG where you see your character at the left-hand side and control it to move. Instead, you can freely move anywhere in the map and control the character at the right. This is not to say that

## **Features Key:**

27 Unique Classes & Countless Combinations Walk among giants and make your own path to glory. Completely Customizable Character Become a tamed beast and unleash the power of the wild against your enemies.

A Vast World A vast world of varying places and situations with an epic feel to them.

An Epic Drama A multilayered story, and a culmination of the countless moments of past plays.

Global Multiplayer (Challenge & Public Play) Journey with other players and challenge them in battle.

A rich Customization System Create your own character, advance your class through the Trials of Elden, and level up a system of upgrades to equip legendary weapons and armor that will change the way you fight.

Facebook Connect & Inventory System You can also transfer your characters from the cellphone version of the game to the online game.

Brilliant boss monsters You will face bosses of truly epic proportions.

Rarity of magic Absorbed the power of the land and seal away the dungeons full of monsters and hidden secrets. You can use rare magic to perform extremely powerful attacks and higher level magical staves.

CosmicSpiral88 3.5/5 Gameplay 3.0/5 Story 3.0/5 Music 3.0/5 Performance 4.0/5 Value 3.5/5 1/7  
CosmicSpiral88 4.5/5 Gameplay 4.0/5 Story 5.0/5 Music 5.0/5 Performance 5.0/5 Value 5.0/5 The game is pretty much as I had expected it, a fairly standard fantasy RPG with some extra aspects from the Elden Ring Download With Full Crack series. The player has a character that has some sort of story to go through, and must go through this story with other players online. There are several things that are generally present throughout the game, namely combat, status symbols, and movement. There are six classes and each has their own unique abilities in order to deal damage and apply status effects to the enemy. You will encounter a variety of enemies during your adventure which will need to be dealt with. Sometimes it's single-player and sometimes its against the other players. The combat is my least favourite part because it's simple and there are only four attacks you can do. This also means that the enemy will always know what the next attack is, so the player must be careful when using either their strength or speed to avoid getting hit. A slightly more complex part of the combat is the status bar, which you will encounter again later. As far as status effects go, the player will need to be careful to keep themselves healthy. There is no healing in the game, so the player will have to keep up with keeping themselves healed. They will also have potions which are used to heal a certain percentage of the player's health. The player will also be able to use status effects to deal extra damage. The player will be able to make their character level up once they reach certain levels, and the higher the level is, the stronger the character will become bff6bb2d33

## What's new in Elden Ring:

**THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. • A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. • Create your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. • An Epic Drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. • Unique Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.**
