BACKGROUND I’ll work hard so that you can relax. Elden Ring is a new fantasy action RPG from Sanzaru Games. The main scenario begins with a girl named Catherine, a member of the Elden Ring, who is summoned to the Lands Between in order to take action against an evil wizard. As she travels through the lands, she will team up with a multitude of interesting NPCs. A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected, players will be immersed in the fantasy drama full of excitement. In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. Because this is a game where cooperation is necessary, there are a variety of tactics at your disposal.

And on top of that, all Pokemon, as well as items and battle effects, can be updated in real time on the go! So be sure to visit the option to update the game at any time, which, of course, will be your enemy— haha!
