Pregnancy outcomes in out-patient antenatal contacts, Newcastle Women's Health Service. This retrospective study was designed to examine whether women in an out-patient setting have different pregnancy outcomes to those in a hospital setting. Utilizing data collected from a retrospective study, the outcomes of 866 pregnancies delivered in the Hunter Region are reported. All women were in their first or second pregnancy. Data collected included maternal age, parity, weight gain, gravidity, obstetric and neonatal complications, mode of delivery, and neonatal Apgar scores at 1 and 5 min after delivery. Data were analysed using X² and Fisher's Exact Tests. Results indicated that women in a hospital setting had significantly lower rates of pre-term birth ($P = 0.02$), gestational diabetes (P (Cronk's book, *The Lord's Work*, was written for children; it was not published in English until a few years ago, when it was published in French by Gallimard). We felt so privileged to be in the company of such people. It was a rare opportunity, and even rarer in that it was the first time I was to meet them in Europe. It was only right that it be in France, I thought. It was a whirlwind tour, though, of the very best. We met in Paris, and were hosted at the home of L. and Mme. Rabinowitz, in the 15th arrondissement. There, we met Bronislav's parents, Mila and Serge, his then four children (ages 3, 8, 10, and 12) and his wife, Catherine. Bronislav also introduced us to his sister, Olga, who is teaching Russian and French at a university in Warsaw. They also invited us over for dinner. Olga has subsequently become a dear friend and one of my favorite people. After Paris, we traveled together to L. and Mme.

[Advances in the research on physiology and pharmacology of *Ganoderma lucidum*]. *Ganoderma lucidum*, the dried fruiting body of *Ganoderma lucidum* (Fr.) Karst., has been used as a traditional Chinese medicine for more than 2000 years. It is believed that *G. lucidum* has many biological activities such as antiviral, anti-tumor, immunosuppressive, antirheumatic, antioxidant, and neuroprotective. In recent years, much work has been performed to extract different constituents from *G. lucidum*. Modern pharmacological studies have also revealed that *G. lucidum* has many biological activities. Most of the studies have focused on the bioactive ingredients of *Ganoderma*, while few studies have been done to investigate the molecular mechanism of *G. lucidum*. In this review, we briefly summarized the research progress on bioactive components of *G. lucidum*, and summarized the pharmacological mechanism of *G. lucidum*. The clinical implication of *G. lucidum* is also discussed.Q: MongoDB on Windows with strange error I have some strange error when I try to run mongo on Windows.
