An Archetypical Fantasy Fantasy world.
Ninjutsu, Taki-jutsu, Magic, etc.
Sub-weapons you can wield

BEAST-MAGE SERIES

Macellum, a land where all sorts of druids once flourished and concealed the ultimate secret of courage. The one who brings back their most ancient secrets to this land is Tarnished.

The story of a forceful melee mage, the meister of the druid goddess, and the face of the awakening of the beast. • As a Dragon Slave, Sage of the Moon Tribe Tarnished is a Tairnata, a gangly beast-mage wielding a Macellum Blade. He was a slave of the Dragon Tribe masters who craved gold and gold artifacts. The Dragon Tribe raiders had Tarnished carry this Macellum Blade to heist the strongest artifacts. Although there was a chance of death, Tarnished went beyond himself as a Dragon Slave to fulfill his promise of rescuing his master and the tribe.

• The Redo of Creativity That Is Tarnished By reusing the background of the Dragon Tribe masters, Tarnished was a mage that wields a Macellum Blade, and a rather strange appearance due to the previously mentioned background. However, Tarnished doesn't just unconsciously obtain his past. Instead, he researches it and searches for the truth hiding behind it.

• Journey to Finding the Music of Courage With the help of his dream, which the masters once called the Royal Song, a melody that carries the thoughts of the courage known only to warriors, Tarnished will find the myth *The Gazing Eyes of Tairnata,* which once spread terror.

Tarnished is ready to disrupt Dragon Tribe arts with the *Sword of the Gazer,* the only of its kind that can cut through the hearts of them all. The split of each heart is thought to be essential to the myth of Tairnata.

How To Crack Elden Ring:

Download AOEM (Archive Downloader Plus Edition) Crack files from the link provided above and extract it.
Run AOEM and select the crack file (*.rbc) and hit the OK button.
Follow the instructions provided by the installation wizard and keep it on until the installation process is complete. The installation of Elden Ring will take at least 5 hours. So, make sure you have all the time to complete the installation process completely.
After the installation is complete, go to the folder that the installation wizard created and double-click on the setup.exe file and click on the Run button
A window will open and it will ask to restart your system. Select Yes.
A message will display that tells you to restart your PC to complete the installation process. Click OK.
Restart your PC and your installation process would be completed.

Q: The setup is looking for a server to enter email or grab updates.. A: Connect to the Internet first, choose the *Offline Installation* option and download the update. When there are no updates, you can restart your computer to reach the installation screen.
Q: Why Elden Ring crash on startup. A: Please provide a good system specs. Try to keep your CPU and memory between 50% to 80%. Finally, if possible, try to keep other processes running in your PC. If your problem still occurs, kindly send a detailed report to us. We will try our best to solve the problem.
Q: I can't connect to the server. Help! A: Please check your internet connection, software, and wireless network. In case of network problems, there are two simple solutions to fix it: disable WIFI and then enable it;or for the most super quick fix, disable the wireless, then turn the internet on again. The easiest way is to do the following:
-Turn off the internet cable
