I have bought this game last week, played it until today and still can't stop. This game is amazing. This game is so grand. I recently got my girlfriend to play this game, she was scared at first because it's a new game (she isn't a gamer or a fan of RPGs). She kept on playing and eventually beat the game and joined a steam group so she could post her scores on the world leaderboards. This game is really giving her that sense of accomplishment and excitement as she beats her previous high score and soon her new one.
