The Central Government has sought to push back the exercise of due diligence in case of summons orders made by the Income Tax Department by one-and-a-half year. This was disclosed during the Question Hour in the Rajya Sabha today. It was questioned by

Trilok Prasad of the JD(U) on the issue. The Question that kept ruffling the nerves of the Union Minister (Finance), Shri Arun Jaitley was raised when Leader of the Opposition, Shri Ghulam Nabi

Azad raised the question through a Day's Notice on the subject of the Income Tax proceedings initiated against several Tamil Nadu persons. Neuro-plasticity and the mechanics of sleep. Sleep is a complex, natural brain state, one of the many different manifestations of a neuro-plastic process, which occurs during wakefulness. As a result of a neuro-plastic process, experiences from the waking state influence brain activity in the next sleep cycle. To determine brain activity during this state, the

neuro-physiologic mechanisms and electroencephalographic recordings have been identified in wakefulness, rapid eye movement sleep and slow wave sleep. Each stage of the sleep cycle corresponds to a specific modification of brain activity. The mechanisms of sleep regulation are still not completely understood. The proposed endogenous mechanisms are reviewed in this paper, including those functions necessary to preserve the dynamic equilibrium between excitatory and inhibitory neuronal networks. This work
