The Elder Scrolls Online is set in the dangerous Lands Between; a vast, untamed region of Tamriel. You and your party will hack your way through towering forests, wide plains, and forbidding mountains to save the imperiled Imperial City. Set in the Lands Between. The game is set in the dangerous lands between the Imperial City of Summerset, The Eastern Reach and Morrowind. The Imperial City is home to the Imperial Legion, a large group of imperial troops that maintains the safety of the city. The Empire's eastern Province, known as the Eastern Reach, contains vast and perilous wilderness territory; a land of exotic creatures and untamed dangers. The province's guardian towns guard the eastern borders of the Empire and serve as safe havens for those in need of refuge. In the Firehard Range, Morrowind is the last bastion of Elder Scroll lore; a forbidden land of monsters and magic. A number of

powerful sorcerer and warrior factions inhabit the island of Vvardenfell.
